Terry and the team have installed smoke detectors in over **50 properties for me in the space of 1 week.** What could have been a strenuous process was seamless and extremely organised. The compliance report and photos added to what was already excellent communication.

Troy McNeish **The Pavilions Peregian Springs**

Really pleased that as a renter, my landlord and agent used Coast Smoke Alarms to meet the new compliance standards. Your electrician was **well-presented, friendly, super-efficient and answered all my questions** about the new setup.

Bel Len **Tenant**

We decided to move to Coast Smoke Alarms after being constantly frustrated with our previous provider and their lack of communication and personal care to our needs. Had we realised just how easy it was to move to Coast Smoke Alarms and the fantastic customer service we would receive, we would have moved much earlier. **I urge any property management company who is constantly fighting battles with their current provider, to give the team at Coast Smoke Alarms a call now – you won't regret it!**
