

## KEEPING YOUR INVESTMENT AND GUESTS SAFE.

For any landlord, the safety of your guests and your investment property is a crucial priority and part of a landlord's duty of care.

Only WORKING smoke alarms save lives.

## INFORMATION FOR HOLIDAY LET OWNERS

Smoke alarm maintenance is an essential part of your property management.

Correctly maintained smoke alarms are less likely to false alarm or beep for a low battery. Both of which are a significant annoyance for holidaying guests.

For total peace of mind let us take care of your smoke alarm maintenance.

## ANNUAL SUBSCRIPTION\* New Legislation\*\*

**\$129** per year

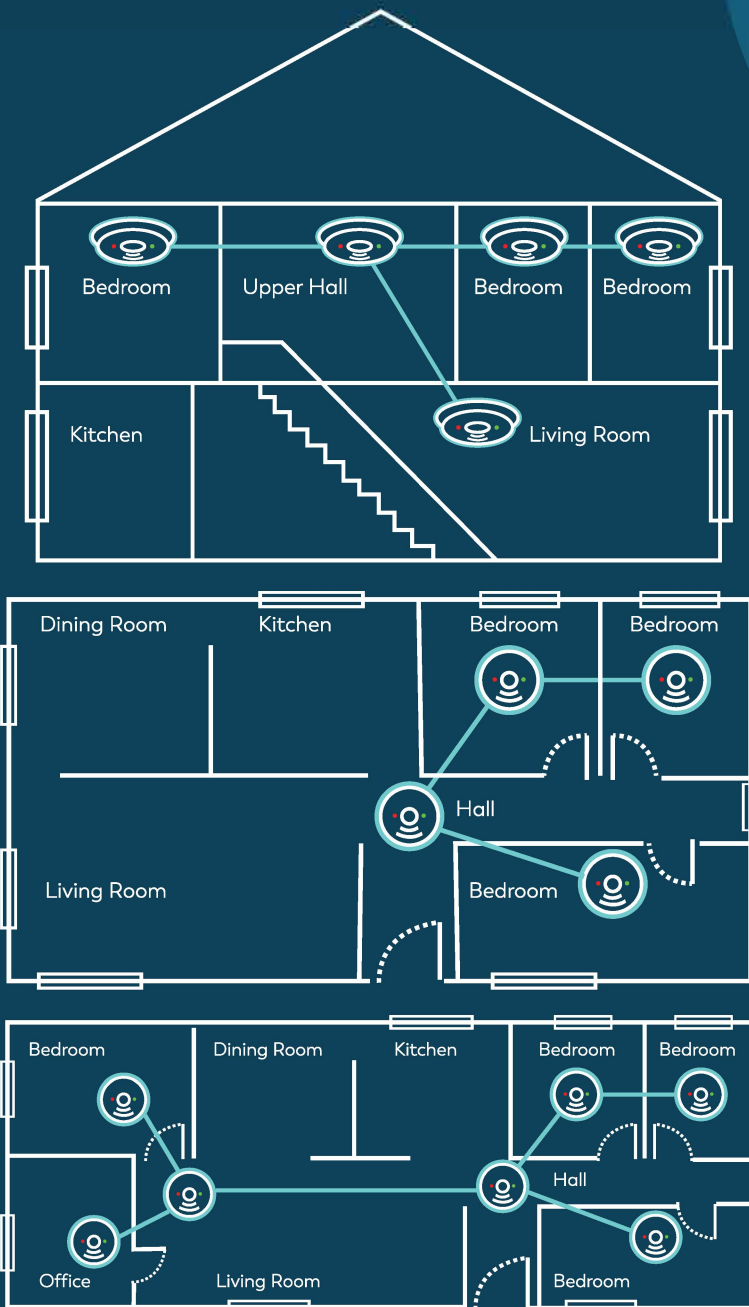

- ✓ All services included in \$109 Subscription  
**plus**
- ✓ Test interconnectivity of all alarms as per Building Fire Safety Regulations

\*Subscriptions DO NOT include replacing smoke alarms (unless under warranty) or moving them for any reason. An additional charge will occur if an alarm needs to be moved to make property compliant. If alarms are missing or broken at the time of inspection, then a cost for replacement alarm will be charged. If re-attendance to a property is required to rectify missing or broken alarms a call out fee will apply plus the cost of the replacement alarm.

\*\* Properties with interconnected smoke alarms in the bedrooms meet new legislation requirements.

# WHAT ARE UPGRADED SMOKE ALARMS?

Upgrading your holiday let smoke alarms will increase your guest's protection should there be a fire. Interconnected alarms and alarms in bedrooms ensure everyone is alerted to a fire, even if they are asleep in bedrooms with doors closed, giving your guests more time to escape safely.

**Upgraded means that your holiday let meets the latest requirements of the Fire and Emergency Services (Domestic Smoke Alarms) Amendment Bill 2016. According to the new law, by 2027 smoke alarms in all dwellings must:**

- Be photoelectric and less than 10 years old.
- Meet the new Australian Standards (AS 3786:2014).
- Be interconnected with every other smoke alarm in the property so all activate at the same time.
- Be hard-wired or wireless alarms powered by a non-removable 10 year lithium battery or a combination of both.

## **AND**

- Be installed on each storey.
- Be installed in each bedroom.

## **AND**

- In hallways which connect bedrooms and the rest of the property.

## **OR**

- If there is no hallway, between the bedrooms and other parts of the storey.

For more information see the Queensland Fire and Emergency Services website: <https://www.qfes.qld.gov.au/prepare/fire/smoke-alarms/existing-properties>

Disclaimer: Example floor plans are a guide only and is not to be used, considered or referred to as precise law.

Coast Smoke Alarms reserve the right to change the cost of alarms, as necessary. Please contact us for a quote to confirm your upgrade price. All prices include GST.
