

ARE YOUR SMOKE ALARMS KEEPING YOU AND YOUR FAMILY SAFE?

Only **WORKING** smoke alarms save lives.

Regular checks to ensure your smoke alarms are in working order are essential.

INFORMATION FOR HOME OWNERS

Did you know...

- Smoke alarms have a lifespan of 10 years, after which they must be replaced
- Batteries need to be tested and replaced regularly
- A smoke alarm sounding randomly can indicate a faulty alarm needing to be replaced or serviced

Not sure if your smoke alarms are protecting you?

*Subscriptions DO NOT include replacing smoke alarms (unless under warranty) or moving them for any reason. An additional charge will occur if an alarm needs to be moved to make property compliant. If alarms are missing or broken at the time of inspection, then a cost for replacement alarm will be charged. If re-attendance to a property is required to rectify missing or broken alarms a call out fee will apply plus the cost of the replacement alarm.

WHAT ARE UPGRADED SMOKE ALARMS?

Upgrading your home's smoke alarms will increase your family's protection should there be a fire in your home. Interconnected alarms and alarms in bedrooms ensure everyone is alerted to a fire, even if they are asleep in bedrooms with doors closed, giving you and your family more time to escape safely.

Upgraded means that your home meets the latest requirements of the Fire and Emergency Services (Domestic Smoke Alarms) Amendment Bill 2016. According to the new law, by 2027 smoke alarms in all dwellings must:

- Be photoelectric and less than 10 years old.
- Meet the new Australian Standards (AS 3786:2014).
- Be interconnected with every other smoke alarm in the property so all activate at the same time.
- Be hard-wired or wireless alarms powered by a non-removable 10 year lithium battery or a combination of both.

AND

- Be installed on each storey.
- Be installed in each bedroom.

AND

- In hallways which connect bedrooms and the rest of the property.

OR

- If there is no hallway, between the bedrooms and other parts of the storey.

For more information see the Queensland Fire and Emergency Services website:
<https://www.qfes.qld.gov.au/prepare/fire/smoke-alarms/existing-properties>

Disclaimer: Example floor plans are a guide only and is not to be used, considered or referred to as precise law.

Coast Smoke Alarms reserve the right to change the cost of alarms, as necessary. Please contact us for a quote to confirm your upgrade price. All prices include GST.
